## GENERATOR INSPECTIONS

For the  
Town of Hamburg  
and  
Villages of Blasdell and Hamburg

Please call (716)649-6111 ext, 2450 the day before or between 8 and 9 in the morning to  
schedule the required generator inspection.

(Every effort will be made for the inspector to be on time as scheduled)

---

ADDRESS

PERMIT NUMBER

The Generator inspection must be done at the time of installation the panel cover shall be removed and the generator shall be opened for inspection.

**If the inspection is not done at the time of installation, a representative from your company must be present at the scheduled date and time of the inspection. All panel covers shall be removed, and the generator shall be opened for inspection and a re-inspection fee will be charged.**

76-18 B Re-inspection fee . A re-inspection fee will be imposed against a permit holder, builder, or developer to cover the cost of a repeat inspection under the following circumstances:

**(1) When it can be verified by the Code Enforcement Official that the builder/developer has scheduled an inspection with the Code Enforcement Department with the full knowledge that the work (scheduled for inspection) was substantially incomplete or deficient, creating the need for subsequent inspection.**

I as the permit holder will notify the Electrical Inspector for the above referenced Inspections and I am aware that if an inspection is not completed I will be charged a re-inspection fee.
