

BUFFALONEVERFAILS

November 2017-January 2020

Stories of The Great War as lived by Buffalonians

To commemorate the Centennial of America's involvement in World War I, the Buffalo & Erie County Public Library will open its next major exhibition at the Downtown Library, 1 Lafayette Square, in time for Veterans Day 2017. Buffalo, its major industries, and its citizens played key roles on the battlefield and the homefront during this tumultuous world-wide conflict. The exhibit will tell some of those long-ago stories of courage, honor, selflessness, and patriotism with selected items from the Library's collections and items from private collections.

WANTED: World War I Memorabilia
