Dear Mr./Mrs./Ms.

On May 23, 2016, the Town of Hamburg passed Local Law #5, which amended the Town of Hamburg's Fair Housing Law, Chapter 109. The Fair Housing Law had several changes, of which, the following directly pertains to all newly built multi-family complexes over eight (8) units.

§ 109-11; Affirmatively furthering fair housing.

It shall be the policy of the Town to affirmatively further fair housing by adopting zoning ordinances which promote the inclusion of affordable rental housing in all multifamily developments of eight or more units.

- A. Affordable housing shall be defined as housing for which rent and utilities shall constitute no more than 30% of the gross annual income for a household whose income is greater than 50% but does not exceed 80% of the Erie County median income.
- B. The Town shall offer a density bonus which allows the developer to increase the number of market-rate units permitted to be built on a site at a rate of one additional market-rate unit for each affordable unit.
- C. In calculating the number of affordable units, the total number of proposed units shall be multiplied by 10%. If the product produces a fraction, a fraction of 0.5 shall be rounded up to the next higher whole number, and a fraction of less than 0.5 shall be rounded down to the next lower whole number.
- D. In order to assure integration within a multifamily development, affordable units shall not be clustered, but mixed with market-rate units. Additionally, the exterior appearance of affordable units shall be made similar to market-rate units by the provision of exterior finishes and materials of substantially the same type and quality.
- E. Developers shall be required to maintain affordability of designated units for a period of not less than 30 years from the date a certificate of occupancy is issued. In the event a multifamily development is sold, the new owner shall be responsible for maintaining affordability of units for the balance of the regulatory period.

The above changes within the Fair Housing Law were also changed within the R-3 Multi-Family Housing - Zoning Code @ Section 280.51.1 "Affordable Housing". This Town of Hamburg law now requires that multi-family rental dwellings of eight or more units built after the law took effect must include a percentage of its dwelling units to be "affordable" as detailed within the Town of Hamburg law at Chapter 109-11 (see above) and Section 280.51.1 "affordable housing" (For proposed multifamily rental dwellings of eight or more units, the Town of Hamburg requires a percentage of the units to be affordable. See Chapter 109 of the Code of the Town of Hamburg): Therefore, 10% of the units to be developed under your multi-family project must be set-aside for "affordable" or "inclusionary" units.

1) **PDF version of the HUD income calculation user manual for use - attached.**

Using the attached PDF manual/forms, you can figure incomes using a HUD certified process. This may seem intimidating, but actually is not that cumbersome. Using HUD's form(s) are acceptable as long as the correct annual income limits are utilized (ex: 2022 income limits released June 15, 2022- see below). Return the towns "Inclusionary Zoning Reporting/Verification" form and the print-out from the HUD certified income process to our office for each of the inclusionary units.

The HUD Income Eligibility Calculator User Manual can walk you through the process on how to determine incomes for persons/families under 80% Erie County Median Income (ECMI) See link below:

This process will be required for any new multi-family units built within the Town of Hamburg from now on. If you should have any questions about this process or its forms, please contact our department at (716) 648 - 6216. Again for each unit/instance, please complete and return the following to our office:

Again, thank you for your cooperation with this "inclusionary zoning" process and the Town of Hamburg's Fair Housing Law. We will continue to work with you on this process.
